

Plant sale 2023

*March has arrived and so that must mean time for our annual plant sale.
Please support us with our main fundraiser of the academic year.
Spring must be around the corner!*

*Plan ahead and order some convenient readymade colour for your outside space.
Hanging baskets, cascading patio pots, colourful plants, salad vegetables*

With the success of the last few years, the arrangements for our plant sale remain online and open to everyone across the Foundation and beyond, including friends, neighbours, the local community. We offer online ordering and flexible collection arrangements. We'd love it if you would support our well-established plant sale; I hope its reputation will encourage you to join in, support us, and help us make this year's sale another great success. Please share these details with your friends.

Ordering is easy and online banking makes paying efficient too (we still accept cheques/cash too)

All the plants are top quality and sourced locally – they are hardy, colourful and long lasting. We have a brilliant relationship with a local nursery who provides a wide range of bedding plants, hanging baskets, cascading pots and salad vegetables at affordable prices. We have seen some price increases this year from our supplier, but we believe that our plants still offer excellent value for money.

Please place your order via the attached form for collection from Saturday 13 May. Orders should be e-mailed back to us at bsbdpa@gmail.com. A mobile telephone number is essential as it will allow us to text you when your order is ready for collection. We will pre-arrange a time for collection that suits you – what could be simpler?

Please note - orders must be received before the end of March.

If you have any specific questions, please contact Amanda Valentine on 07774 601869.

Thank you for your support

***** REMINDER *****
